

Test Results Record

Name _____ ID# _____

Date ____/____/____ Test(s) given _____

Misc. demographic information _____

PAR test items and related materials are copyrighted and protected intellectual property. Test results that can be retained and displayed in a medical record include item, scale, subscale, and total test scores; professional evaluations and observations; and overall related test findings and conclusions. Test content is prohibited from inclusion in a medical record. Please use this form to record test results in lieu of an answer sheet or item booklet, which might compromise the integrity of the measure.
