

St. Clair County Community Mental Health Authority
Student Pre-Screen Disposition

Date: _____

OASIS Case #: _____

To Whom It May Concern,

_____, a student from _____ was seen/interviewed by
Student (First & Last Name) Name of School
one of the following teams at St. Clair County Community Mental Health Authority (SCCCMHA): Mobile Crisis Unit,
Central Intake Unit, and/or Children's Services.

Permission to assess the student was provided by: _____
Parent/Guardian

SCCCMHA staff interviewed the student and based on that single interview it was determined:

- The student meets criteria for inpatient mental health admission.
- The student does not meet criteria for inpatient admission.
- The student/parent(s)/guardian(s) were recommended to follow up with: _____

.....
The Student's Parent/Guardian has signed a release for the following agencies and understands that the clinician will share information with the following entities:

_____	_____	_____
School	Phone #	Fax #
_____	_____	_____
Agency	Phone #	Fax #
_____	_____	_____
Law Enforcement/Safety	Phone #	Fax #

SCCCMHA's Mobile Crisis/Central Intake Unit/Children's Services interview provides a point in time pre-screening for immediate admission to a behavior unit. If criteria is not met for immediate admission to a behavioral health unit, other follow-up recommendations may be provided.

A pre-screening cannot make a determination of a student's risk to themselves or others, therefore SCCCMHA does not provide any kind of clearance or assessment of risk for the student to return to school.

Per agency procedure and recommendations resulting from a crisis services interview, as a precaution, the family has been instructed to lock up or remove all firearms and/or any weapons from the home.

Sincerely,

Clinician Signature/Credentials Print Name Date
