**Workers' Compensation Disclaimer for Interns**

Workers' Compensation Disclaimer

Interns are not considered employees of the Agency for purposes of the Michigan Workers' Disability Compensation Act. As such, interns are not eligible for Workers' Compensation benefits for injuries, illnesses, or occupational diseases that may arise out of or in the course of the internship. Interns participate in the internship at their own risk and are responsible for securing and maintaining any personal health, medical, or accident insurance coverage they deem necessary.

Acknowledgment

I acknowledge that I have read and understand this Workers' Compensation Disclaimer. I understand that I am not covered by the Agency's Workers' Compensation insurance and that I am responsible for my own medical expenses and insurance coverage during the course of my internship.
