<b>Training</b>	<b>Description</b>	<b>Frequency</b>	<b>Target Audience</b>	<b>Format</b>	<b>How to Obtain</b>	<b>Requirement Source</b>
Home-based Safety	Home-based services programs are designed to provide intensive services to children and their families with multiple service needs who require access to an array of mental health services. The primary goals of these programs are to support families in meeting their child's developmental needs, to support and preserve families, to reunite families who have been separated, and to provide effective treatment and community supports to address risks that may increase the likelihood of a child being placed outside the home. Treatment is based on the child's needs, with the focus on the family unit. The service style must support a family-driven and youth-guided approach, emphasizing strength-based, culturally relevant interventions, parent/youth and professional teamwork, and connection with community resources and supports.	Initial Only	All Home-based Service Staff	In-Person	Complete checklist (provided by SCCCMH-online) in-person with Supervisor. Maintain checklist in staff's personnel file	Medicaid Provider Manual Section 7.1
Level I Authorizations	Level 1 Authorization Training is completed via New Employee Orientation form and via Attestation upon staff's Privileging and Credentialing Renewal Date, which is different for each employee. The employee must read and understand all Clinical Service Protocols as applicable to the position/program, as well as read and understand the specific policies listed on the Attestation form.	Initial & Every Two Years	Individuals who complete Level I Authorizations on behalf of SCCCMHA, and staff who process denials (which includes all primary case holders and Access clinicians)	Self-Study	Complete Level I Authorization Attestation (SCCCMH online). Maintain Attestation in staff's personnel file	Code of Federal Regulations 42CFR 438.230.b1 MDCH Contract Section 4.11 Region 10 SUD Training Grid
